CHALLENGE 2010

2010 Update

Counties Meeting the Challenge 2010

The average birth rate (2006-2008) for these counties is at least 15% lower than the baseline birth rate (the average birth rate from 2001 to 2003).

- Four counties reached or exceeded the goal for both 15-19 and 15-17 year olds: Otero, Rio Arriba, Sandoval and Valencia.
- Three counties reached or exceeded the goal for 15-19 year olds: Colfax, Taos and Torrance.
- Two counties reached or exceeded the goal for 15-17 year olds: Bernalillo and San Miguel.
- Three other counties were very close to the goal: Dona Ana and McKinley for 15-17 year olds and Lincoln for 15-19 year olds.

CONGRATULATIONS!

**Reduce the teen birth rate

Birth Rates: Births per 1,000 females, ages 15-17 or 15-19. Rates based on fewer than 20 events may be statistically unreliable.

The % change for counties with fewer than 20 births is shown with an *.

These counties met or exceeded a 15% reduction for 15-17 year olds or 15-19 and 15-17 year olds.

These counties met or exceeded a 15% reduction for 15-19 year olds only.
